Volume 9, No. 1

Fall, 2014

MESSAGE FROM OUR PRESIDENT, CHLOE ADDISON:

Summer is fast ending and Fall is on the way, bringing FFL Registration, Fall classes and renewal of FFL friendships. I hope all had a fabulous summer full of adventures, friends, and fun. FFL has had a busy summer full of activities, with the Hiking and Walking and our FFL picnic for the entire membership. Good food and fellowship were enjoyed by all.

Our Fall classes range from a Tanzanian Safari, dinner in Ecuador, traveling from India, visiting camels; the list goes on and on. I hope all will participate in and enjoy the scheduled classes. As we approach Fall registration scheduled for September 3 between 2:00PM and 4:00 PM at the Lutheran Church, 455 W Sunnyside, I reflect on our mission statement:

FFL Mission Statement

The purpose of “Friends for Learning” is to provide, at a minimal cost, activities, special events, and opportunities for study for retired and semi-retired people who want to continue their intellectual growth and enjoy being part of a like-minded community.

“As your President for the coming year I commit to doing my best to honor our mission

Many traveled to St. George in May to bike, hike and have fun together making Friends, & Learning! At left are Polly Martell and Clarissa Olson.

At right, are "Spring Buffalo" and Babies! These were enjoyed by the participants on Sidney Hoopes' famous "Bear Trip" AND probably other FFL Trippers on their many outings to YELLOWSTONE!!!

Take a LOOK at the petroglyphs on the red rock/St. George area terrain! Friends For Learning Folks sure HAVE FUN!

Well, the threesome above look like Mary Jane, Allen and Bruce.

And the "creatures" in the background are closer than Yellowstone Park!

Look at the gorgeous blooming cactus!

Yes, Spring is a beautiful time in the desert of Southern Utah.

Next Spring Semester is YOUR TURN to BE THERE!

These lucky, adventurous gals are on the 1st Bear Trip mid-June IN THE SNOW!

Sidney really shows everyone a good time. Join Friends For Learning, and you can meet these fun people AND perhaps participate in NEXT Year's Popular Bear Trip!!

Aw-w-w-w-w! Sidney said this Mama Grizz and her Triplets stayed around their camp at Roosevelt Lodge.

I think they would make darling neighbors!

During the Bear Trips in Yellowstone, the groups saw MANY buffalo everywhere.

And we dared to trespass on "their highway!"

This is the Bear Class from June 24 thru 28. They are at 'Pebble Creek' watching Mountain Goats. It must be Sidney's turn to do her report.

The Editor of this newsletter Gratefully Acknowledges all the good help and input with this first endeavor. Luckily, the experiences, photos and statement from our President exhibit the greatness of "Friends For Learning."
